Re: Petition of AT&T Inc. for Forbearance under 47 U.S.C. § 160(c) from Enforcement of Certain of the Commission's ARMIS Reporting Requirements, WC 07-139

Dear Ms. Dortch:

AT&T filed a letter in which, in the event its forbearance request were granted, it proposes to, among other items, "...continue collecting service quality data (report 43-05)...and operating data (report 43-08), on a voluntary basis for twenty four months from the date an Order in the above-referenced proceeding is approved." AT&T further proposes that it "...would continue to publicly report through the FCC's ARMIS reporting process its service quality data (report 43-05)...on a voluntary basis for twenty four months from the date an Order in the above-referenced proceeding is approved."

Hawaiian Telcom, Inc. respectfully requests that if the Commission is inclined to grant the forbearance as AT&T has petitioned, that forbearance equally apply to Hawaiian Telcom for ARMIS 43-05 and 43-08, two of the four reports in AT&T's forbearance request that Hawaiian Telcom currently files. In the event the Commission also grants Hawaiian Telcom the same relief, we agree to abide by the conditions noted above. This letter is being filed via e-mail with the Commission.

Pursuant to Section 1.1206 of the Commission's Rules, this letter is being filed electronically with the Commission. If you have any questions, please contact me at (808) 546-3561.

Very truly yours,

/s/Laura Y. Otsuka
